TECHNICAL SKILLS

Languages	Python, JavaScript, SQL, C++	**Frameworks**	FastAPI, NodeJs, Express.js
Technologies	Docker, GCP, Git, Linux	**Libraries**	SQLAlchemy, React.js
Concepts	Machine Learning, DSA, OOPs		

WORK EXPERIENCE

Frontend Developer, Elevate HQ – Remote   May 2024 – Aug 2024

Tech Stack: React.Js, Python
– Adapted quickly to a codebase with complex architectures, speeding up feature development by 30%.
– Integrated 20+ backend APIs, optimizing data flow and reducing frontend response time by 25%.
– Implemented 10+ new features, fixed 40+ UI bugs, and built 5+ pages, improving design consistency

Full Stack Developer, Zedblock (AI-driven Automation Platform) – Remote   Mar 2023 – Mar 2024

Tech Stack: Next.Js, Node.Js, Python, FastAPI, Celery
– Designed and deployed AI agents using **FastAPI** and **Langchain** Framework in Python, enabling intelligent assistance for customer support, lead generation, and content creation.
– Implemented voice bots in Google Meet ↗ and phone call environments with **LLMs** using Langchain
– Developed scalable backend with **NodeJs** implementing 10+ api's and optimizing performance by 25%.

PROJECTS

Pylox – A Python-Based Custom Interpreter From Scratch ↗   Nov 2024

Tech Stack: Python, Object-Oriented Programming (OOP), Recursive Descent Parsing
– Developed a frontend for a interpreter, handling of the lexical analysis, parsing, and AST generation.
– Designed an AST that reduced redundant evaluations by 30%, improving interpretation speed.
– Implemented error handling that detects and reports syntax and runtime errors.

HaSh – A Java-Based Custom Shell From Scratch ↗   Feb 2024

Tech Stack: Java, Maven, Shell Internals
– Developed a lightweight shell with built-in commands and external program execution.
– Designed a robust command parser supporting navigation, I/O redirection and auto-completion.
– Implemented an interactive REPL (Read-Eval-Print Loop) for seamless command execution.

CERTIFICATIONS

Certified GCP Associate Cloud Engineer issued by Google Cloud. ↗

EDUCATION

Vellore Institute of Technology, Chennai   2024 - 2026
M.Tech in Computer Science
Central University of Haryana   2020 - 2024
B.Tech in Computer Science   (CGPA: 8.7/10.0)
